

**Tuesday June 6, 2006**  
**08:30am - 3:00pm**

## **Integrating Community Services with the Broader Continuum of Care**

This session is an opportunity to

- review the best available international and national evidence on community care;
- discuss key policy directions for community services;
- translate evidence into practice;
- learn from local leaders the opportunities, barriers and recommendations for moving forward to achieve the goals of Community Service Integration with the boarder services of care
